ADVANTAGES OF HAVING A NAIL TRAINER:

| | NAIL TRAINER | OTHER HANDS |
|--|--|--|
| MY STATE BOARD DOES NOT ALLOW LIVE MODELS DURING EXAMINATIONS. CAN I USE THIS HAND DURING PRACTICAL TEST TAKING? | YES! Please feel free to impress your State Board examiners! | YES, but its use may be awkward, wasting valuable minutes during the timed exam. |
| DO THE FINGERS AND ARM ARTICULATE (MOVE) LIKE A REAL HAND? | YES! The fingers and arm easily manipulate, pivot, and rotate like a real hand. | NO |
| DO THE FINGERTIPS FEEL LIKE REAL FINGERS? | YES! The silicone fingertips are made of durable soft rubber. | NOT REALLY |
| CAN I MOVE THE ARM ANYWHERE AROUND ON MY TABLETOP EASILY? | YES! The unique design of the flexible arm allows you to position it anywhere on the table. The built-in clamp attaches and adjusts to fit most standard table tops. | MOST DO NOT COME WITH AN ARM OR A DESK CLAMP. |
| DO THE NAIL TRAINER NAILS ADJUST FOR VARIED NAIL BED DEPTHS INTO THE FINGERS? | YES! The Nail Trainer's nails are easily removed and replaced in about 4-5 seconds and allows 4 varied depths to which you can position the nail into the finger. 1=high position; 4= deeply embedded position. | NOT POSSIBLE |
| CAN THE NAIL TRAINER NAILS ADJUST FOR VARIED AMOUNTS OF FREE EDGE? | YES! The Nail Trainer's nails can be easily positioned forward (for a longer free edge) or backward (for a shorter free edge). | NOT POSSIBLE |
| CAN I PRACTICE DIFFERENT SHAPES AND SIZES OF NAILS? | YES! The Nail Trainer kit includes 100 practice nails, 20 each of 5 different shapes and sizes--from a wide nail to a nail biter's nail--giving you the maximum training potential. These nails are also designed with built-in cuticles so you can practice "true to life" application. (3 different kinds of nail refit packs are available from our shopping cart.) | NOT POSSIBLE |
| CAN I USE MY OWN NAIL PRODUCTS ON THE HAND? | YES! You may use any brand of liquid/powder acrylic, gels, wraps, etc., but it is recommended that you use the acrylic primer and gel prep products included in the kit to prevent damage to the Nail Trainer nails. Obviously, use only non-acetone to remove polish. | USUALLY, but it depends on the type of hand you have. |

|--|---|--|
| CAN I PRACTICE MAINTENANCE AND FILLS ON THE NAILS? | YES! Specially designed Nail Trainer " maintenance nails " are included to enable you to practice filing down the crown, shortening the free edge, repairing chips and cracks, then filling in the gap. (Packets of maintenance "deluxe" nails and maintenance cards are available from our shopping cart.) | NOT POSSIBLE |
| CAN I SCULPT DIRECTLY ON THE HAND'S NAILS? | YES! Use the Nail Trainer nails as if they were a client's fingernails and sculpt to your heart's content. Simply attach a metal form to the finger and away you go! | SOMETIMES but with most brands, you must first apply an extension. |
| REGARDING REMOVAL OF THE PRODUCT, CAN I POP ANOTHER NAIL IN THE HAND AND PRACTICE AGAIN RIGHT AWAY? | YES! This is <u>one of the biggest advantages</u> to having a Nail Trainer. There's no messy removal or clean-up to worry with so no time is wasted in your practice routine. This also helps to build your confidence level as well as improve your application and filing speeds because you are able to practice more often. | NO, the product must be manually filed away or soaked off first. |
| IS THERE ANY WAY TO TRACK MY PROGRESS AND IMPROVEMENTS FROM ONE SET TO ANOTHER, AND OVER SEVERAL WEEKS/MONTHS? | YES! <u>Two</u> ingeniously designed assessment cards (1 , 2) are included in every kit to allow you to visually track your improvements. Your instructor can also use these cards to assign homework. Remember, "Practice makes perfect!" | NOT POSSIBLE |
| CAN I PRACTICE MY NAIL ART SKILLS ON THE HAND'S NAILS? | YES! Most of the nails in the Nail Trainer kit are suitable for practicing both free hand nail art as well as airbrushing. (There are also Nail Trainer " airbrush nails " which are perfect for <u>all</u> nail art purposes—available in our shopping cart.) | NO The nail plates are too short to accommodate nail art, especially airbrushing, without manually building an extension first. |
| CAN I USE IT TO ADVERTISE MY NAIL EXTENSIONS AND NAIL ART CREATIONS? | YES! Please do! It's the quickest way to attract attention to YOU because it makes a great conversation piece at your workstation. Also, because of its adjustable arm, it can be positioned out of the way so <u>it won't take up any space</u> on your desk top. Pop the nails out and replace with new designs often to invite add-on services. Keep to showcase in your Designs Display Card(s) . | YES, but it'd take up valuable room on your desk top. |
| WHEN I ORDER IT, ARE THERE ANY INSTRUCTIONS INCLUDED TO SHOW ME HOW TO USE IT TO ITS MAXIMUM BENEFIT? | YES! A full featured, 12 minute, graphically enriched demo DVD accompanies every Nail Trainer kit. The DVD explains how to take advantage of its multiple uses. | NO |
